About Us:

(Glitters Technical Services LLC) working as Exhibition stand contractors since Ten Years, specialize in Exhibition stand design and Fabrication, We offer a turnkey solution due to a highly experienced team dedicated to graphic design, 3D renderings. We manufacture, mockup, transport, Install and dismantle your stands. We can assist you locally and internationally taking care of shipping and deliver to the venue as per your choice. We offer our services from conceptualization to completion throughout the project; we always ensure our clients peace of mind with each project completed on time and in the most cost effective manner.

Our team can deliver innovative concepts that convert your given brief into designs that communicate your brand and messages to your target audience.

In today's market, we understand that many companies are very budget conscious. We do not let this deter us from designing compelling and eye-catching stands that remain within your budget bracket. We have our own place for Joinery, in house printing, Work shop, big space for storage.

We Provide project management services whether you are looking for a small or massive structure. Our team takes your concerns & goals and interprets them in the latest styles and concepts. With experience in the Defense, Our passionate, qualified and experienced exhibition stand designers and graphic designers consult with you and really listen, so we understand your needs. Even if you can't dream it, we can! We take you through a process that we call Understand, Create, Deliver, This process enables us to produce a remarkable and memorable solution that meets your budget, exceeds your expectations and gives you return on your investment.
